

## LIBREF UHF RFID Book Tag

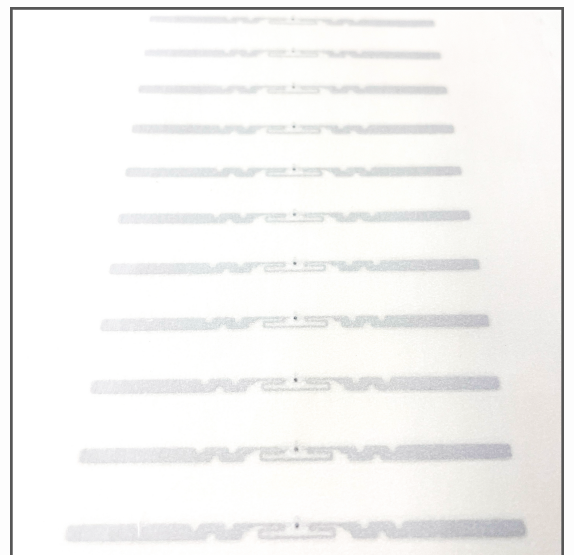

The UHF Passive Book Tag is designed to be concealed inside books and features a double-sided adhesive backing. It complies with ISO 18000-6C and EPCglobal Class 1 Gen2 standards. It supports inventory management, shelf management, circulation, and return processes while also enabling security control functions.

Designed for Concealed Installation Inside Books

ISO 18000-6C & EPC Class 1 Gen2 Compliant

Supports Inventory, Shelf Management, and Security Control

## Technical Specifications

Antenna Size	140 mm × 3 mm
Tag Dimensions	300 mm × 4 mm
IC	ALIEN H4
Frequency	865–868 MHz
Protocol	ISO 18000-6C / EPC Class 1 Gen2
Memory	USER: 128 bit / EPC: 128 bit / TID: 64 bit
Operating Temperature	-40°C to +85°C
Storage Temperature	-5°C to +30°C
Data Retention	10,000 write cycles
